Can you get to the bottom of the cone before the ice cream melts?

Just Joking Around

Why did the chicken cross the playground?

To get to the other slide.

Why did the kid start a gardening service?

He wanted to rake in some cash.

Why did Captain Hook cross the street?

To get to the second hand shop.

What did the baseball glove say to the baseball?

"Catch ya later!"

Why did the surfer wear a baseball glove?

He wanted to catch a wave.

Solutions:

There are 6 differences: Part of plug is missing, the duck's colors were switched, the nose is flipped, a new star on the bathing suit, the hair bow is different and the exclamation point is missing.

NH appears 11 times in the fish puzzle.

Have a Suntuastic Summer!
